# 19

Przed zamocowaniem dna szuflady należy zmierzyć przekątne szuflady. Jeżeli wymiary są jednakowe to możemy przystąpić do zamocowania jej, jeżeli nie to musimy do tego doprowadzić ściskając przeciwległe rogi szuflady, tam gdzie wymiar był większy.

Před upevněním dna zásuvky je třeba změřit její úhlopříčky. Pokud jsou tyto rozměry stejné, můžeme přistoupit k jeho upevnění, pokud nejsou, musíme toto dosáhnout stlačením protilehlých rohů zásuvky tam, kde byl větší rozměr.

Pred upevnením dna zásuvky je treba zmerať jej uhlopriečky. Pokiaľ sú tieto rozmery rovnaké, môžete pristúpiť k jeho upevneniu, pokiaľ nie sú, musíte toto dosiahnuť stlačením protiahľých rohov zásuvky tam, kde bol väčší rozmer.
